Closest Metro Station - Federal Triangle Metro on the Orange/Blue/Silver lines

Our Address:
1200 Pennsylvania Avenue, NW, DC
WJC North Building

Directions: If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a quick small U-Turn and the North Lobby entrance is directly to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi, you would want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th. From 12th Street, facing the building with the EPA and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left. This again will be the North Lobby of the William Jefferson Clinton bldg.

Once inside the building, security will prompt you to scan all items such as bags, coats etc. You may contact Becky Brook at (b) (6) for further information.

Greetings AA and RA Colleagues,
Attached please find the final draft of the EJ 2020 Community Based Work Implementation plan for your final review. The plan, a product of the three co-chair organizations – Region 3, Region 10 and OLEM, has been revised with consideration of the array of comments received on the previously circulated draft. Per our conference call on 04/01/16, I am sending this draft out for your final showstopper review prior to adding this draft language to the complete agencywide EJ 2020 Implementation Plan.

In response to your requests during the call on 04/01/16, I will be hosting a conference call later this week. During the conference call the co-chairing organizations will address questions specific to the EJ 2020 Community Based Work Implementation Plan.

We are asking for your showstopper comments by COB, Friday, April 8, 2016. Please send your comments to Kent Benjamin, of my staff at

Call In # (b) (6) / Code (b) (6)

Point of Contact for the Meeting: Mark Rupp (b) (6) staff Ct:
Andrea Barber, (b) (6)
SCt: Denise Anderson, (b) (6)

Purpose: Mark Rupp, OCIR, will run through the agenda for the ECOS Spring Meeting (April 10-13) for senior leaders' situational awareness. This meeting will also serve as an opportunity for ECOS meeting attendees to coordinate on messaging and ask questions about content and logistics of the meeting.

Role of the Administrator: The Administrator will be featured in two sessions on Wed., Apr. 13: from 8:00 – 9:15 a.m., she will participate in a moderated Q&A session with ECOS President Martha Rudolph, and from 9:30 – 10:30 a.m., YOU and she will speak at a closed (state-EPA only) session on working together through crisis.

Role of Deputy Administrator: YOU will attend the entire ECOS Spring meeting, with speaking roles in the 9:30 – 10:30 a.m. closed session on Wed., Apr. 13, as well as the Federal Facilities Forum later on the afternoon of Wed., Apr. 13, and E-Enterprise Session on Wed – Thurs (13th – 14th).

Background: ECOS holds 3 key meetings every year: a Spring Meeting, a State Environmental Protection (STEP) Meeting in the summer, and a Fall meeting. In recent years, new leadership at EPA and ECOS has fostered a strong partnership between federal and state environmental leaders. These meetings are well-attended by state environmental commissioners and EPA leadership, as well as federal agency partners, industry, academia, and others. The 2016 Spring Meeting will focus on Public Health, with the Administrator slated to participate in a two sessions on Wednesday, April 13. Over 200 people are registered, including over 30 EPA senior leaders and staff.

Last possible date for the meeting: Friday, April 8 (meeting begins Sunday, Apr. 10)

Is the meeting urgent and if so why?: The meeting is not urgent but because so many AAs and RAs attend, it is helpful for all EPA participants to be on the same page with respect to meeting objectives, messages, etc.

As Spring starts to take hold, I want to use this meeting to have a regular check-in on activities associated with Gold King.

This will be an opportunity to share the latest and be coordinated on the following:

- Water quality monitoring
- Interactions with our partners
- Grants and assistance
- On-the-ground developments
- After-action items

While it is helpful to have discussions on discrete topics, this forum will provide an opportunity for everyone to hear what is going on, what might be around the corner and share perspectives.

Thanks.

Please join me this Friday, April 8 at 1PM EST for a stakeholder call on EPA and USDA's Call to Action.

On September 16, 2015, USDA and EPA announced the first national goal to reduce food loss and waste by 50 percent by the year 2030. As one of the first steps, the federal government supported the 2015 Food Recovery Summit <<https://www.serdc.org/Program>> in Charleston, SC. This national meeting brought together a diverse

group of stakeholders representing different areas of the food system. In follow up to the summit, EPA and USDA have developed a document entitled, U.S. 2030 FLW Reduction Goal: A Call to Action by Stakeholders. This document captures and reflects the input received from individuals in the private and public sector with the goal of leveraging best practices and moving to action on reducing food loss and waste. I've attached a draft of this living document to this email for your information and feedback.

EPA and USDA are very interested in your input on this summary document and learning more about new actions, accomplishments and commitments in the area of reducing wasted food. While reviewing this document, I challenge you to think beyond the footprint of your organization and think about how we can disrupt a food system that sends over 70 billion pounds of wholesome food for disposal each year. Real progress on food waste requires leaders in the private and public sectors to reconsider traditional, downstream solutions and focus on the most impactful and economically-driven strategies to prevent food waste. It is that focus on cost effective and replicable prevention strategies that was recently validated by the ReFED report. <<http://www.refed.com/?sort=economic-value-per-ton>>

In moving forward, EPA and USDA would like to learn how your organization is taking action to prevent, treat and/or manage food waste and how we can support your work. If you have any questions regarding the document or how your organization can take an early and visible role in the 2030 Food Loss and Reduction Goal, please contact Lana Suarez at (b) (6) or Mark Baldwin at (b) (6) of my staff.

Subject: Happy New Year!

Dear Mathy,

As the 2016 starts, I wanted to personally wish you and your family the best that life brings to you. I hope you are keeping well. Many thanks for all your help and support during 2015 and I look forward to continue to expand our working relationship. CCPS is making great progress with implementing Vision 20/20 globally. I hope you will be able to join us at the 12th Global Congress on Process Safety in Houston during 11-13 April 2016 and the face to face CCPS technical Steering Committee meeting on 14 April 2016. You will be able to witness how Vision 20/20 is progressing. If you need more information on the program, let me know. Thx.

Regards.
Shakeel

Subject: Celebrating Teresa Marks

FOTs (Friends of Teresa).

Not quite sure where the time went, but after having joined EPA to help take on the world of unconventional oil and gas, we are losing a great friend to her second call of retirement. (Given she knows how unhappy she is in retirement, I actually think we may be able to talk her out of leaving!)

To celebrate her time with us and wish her well on her next journey (and convince her to stay), please come to Del Frisco's on Wednesday, April 20. Folks will begin assembling around 5:00pm.

Thank you!
Mark

Subject Gold King Check-In

Location by phone (b) (6) passcode (b) (6) or Matt's office

Show Time As Busy

As Spring starts to take hold, I want to use this meeting to have a regular check-in on activities associated with Gold King.

This will be an opportunity to share the latest and be coordinated on the following:

Water quality monitoring
Interactions with our partners
Grants and assistance
On-the-ground developments
After-action items

While it is helpful to have discussions on discrete topics, this forum will provide an opportunity for everyone to hear what is going on,

what might be around the corner and share perspectives.

Thanks.
